

# Jamanla Suresh

DATA ANALYSTS

**Hyderabad Telangana | 8332040380 | sjamanla357@gmail.com**

**github.com/jamanla**

## Objective

---

To obtain a challenging Data analysts position in a dynamic and innovative organization where I can use my technical and analytical skills.

## Professional Experience

### Artificial Intelligence Intern

[Aicte (Matlab)], [online] | [01-04-2023] – [01-07-2023]

- Collaborated with teams to align AI outputs with business goals.
- Documented workflows and findings for reproducibility.
- Built and optimized machine learning models using Python and TensorFlow

### Artificial Intelligence Intern

[Wayspire], [online] | [05-05-2024] – [05-07-2024]

- **Data Analysis** – Working with datasets to clean, preprocess, and analyze data for AI applications.
- **Natural Language Processing (NLP)** – Experience with language models, sentiment analysis, text classification, etc.
- **AI Tools & Libraries** – Familiarity with AI and ML libraries such as Scikit-learn, Pandas, NumPy, or NLTK.
- **Problem-Solving** – Developing solutions using AI techniques to address real-world challenges

### Data Analyst Intern

- Processed and cleaned raw data using Excel and SQL, ensuring data integrity and reliability.
- Created interactive dashboards in Power BI, enhancing reporting efficiency.
- Collaborated with team members to implement best practices in data visualization and reporting.

### Junior Data Analyst

- Assisted in cleaning and transforming large datasets for business intelligence projects.
- Designed Excel-based dashboards to monitor key performance metrics, reducing manual reporting time.
- Presented findings to stakeholders in clear and actionable formats, facilitating data-driven decisions

## **Education**

**Teegala Krishna Reddy Engineering College, 2025**

Major: Artificial Intelligence | Minor: Machine Learning

**Sri Krishnadevaraya Govt Polytechnic College, 2021**

Major: Mechanical Engineering

**Jharkhand state open school 2020**

Major: Mathematics | Minor: Computer Science

## **Technical Proficiency**

**Programming Languages:** Python, R, SQL

**Data Visualization:** Tableau, Power BI, Matplotlib, Seaborn

**Databases:** MySQL, MongoDB

**Data Analysis Techniques:** Data cleaning, preprocessing, trend analysis

## **Skills & abilities**

- Management
- Problem solving
- Communication
- Leadership
