Objective:

Aspiring Data Analyst with knowledge in AI, machine learning, and hands-on skills in SQL, Excel, and data visualization. Eager to turn data into insights that support smart business decisions.

Internships & Trainings:

Edunet Foundation – AI & Cloud Intern

Virtual | Jul 2024 – Aug 2024

- Developed a chatbot integrating NLP with IBM cloud platforms. Strengthened skills in real-time deployment pipelines and API integration.

Wayspire – AI Intern

Virtual | May 2024 – Jul 2024

- Worked on building predictive machine learning models using structured datasets. Applied preprocessing techniques and created data visualizations for insights.

AICTE – AI Intern (MATLAB)

Virtual | Apr 2023 – Jul 2023

- Gained experience in MATLAB for data analysis and visualization. Applied AI techniques using statistical functions and signal processing.

Education

Teegala Krishna Reddy Engineering College, JNTUH

2022 – 2025

B.Tech – Artificial Intelligence and Machine learning

CGPA: 6.7

K.D.R. Govt Polytechnic College, Wanaparthy

2018 – 2021

Diploma in Mechanical Engineering

CGPA: 6.7

S.V. Model High School

2017 – 2018

S.S.C

CGPA: 8.0

Projects

Smart Attendance System (Python, OpenCV)

Built a facial recognition-based attendance automation system to eliminate manual errors and streamline classroom management. The system uses OpenCV for face detection and matching, ensuring secure and real-time attendance logging.

Music Streaming Web App (HTML, CSS, JS)

Developed a responsive music streaming web application inspired by Spotify. The app includes UI components such as playlists, playback controls, and search functionality, focusing on design aesthetics and user experience.

Skills

- **Languages:** Python, Java, HTML, CSS
- **Technologies:** AI/ML, SQL, Postman, Cloud (IBM cloud)
- **Soft Skills:** Problem Solving, Communication, Leadership

Personal Info

- DOB: 10-Oct-2000
- Gender: Male
- Address: Uppal, Hyderabad, Telangana – 500035
- Languages: Telugu, Hindi, English
